

Administrator's Message

As we begin a new school year, we extend a warm and heartfelt welcome to each of you—whether you're returning to our community or joining us for the first time. We are so glad you're here.

This year brings fresh opportunities to learn, grow, and connect. Our commitment remains strong: to foster a safe, inclusive, and inspiring environment where every student feels seen, supported, and empowered to thrive.

As we begin the new school year, we want to share some staffing changes. We are excited to welcome Melissa Fedorak to our clerical team. We also welcome back April Olsen to our secondary staff. Their enthusiasm and support will be a wonderful addition to our school. We look forward to a great year ahead with all members of our dynamic team!

A great big thank you to the custodial team for preparing our learning spaces over the summer. They look wonderful and we can't wait to see students back in them.

Please read on for all of the back to school information you need to know! Let's make this year one of meaningful learning, joyful moments, and shared success. We look forward to working together to support every student's journey.

Warm regards,

Corinne and Kristin

Volunteering with vLearn

We love and appreciate parent volunteers! Any new volunteers must have a Criminal Record Check on file – this includes parents that wish to volunteer for activity days. Please see HERE for instructions on how to complete the process. If you already have a criminal record check on file with us, we will let you know if it is expiring.

Personal Devices and Wifi

Please read this letter regarding Acceptable Use of District Technology. These expectations apply to employees, students, and guests using school district technologies and network services including any activities organized or sponsored by the district.

Digital Tools Annual Review Form

As part of the Freedom of Information and Protection of Privacy Act (FOIPPA) we are required to annually inform you that your student may be accessing a variety of digital tools and software to support their learning. Being part of an online school, the ability for students to continue to use these tools is critical for learning and communication.

Allergy Reminders & Medical Alert Updates

We are a “nut aware” school, please avoid including nuts and nut products, in your child's lunches. We are also required to maintain a fragrance-free environment. Please avoid using fragrances. If your child has a medical alert, please ensure that you update the appropriate forms for planning purposes.
