OVERVIEW

The Big Ideas, Content, and Curricular Competencies for this course can be found here: [Arts Education 9](#)

Identity is explored, expressed, and impacted through visual arts experiences.	The visual arts provide opportunities to gain insight into perspectives and experiences of people from a variety of times, places, and cultures.	Art experiences can build community and nurture relationships with others.	The visual arts use a unique sensory language for creating and communicating.
--	--	--	---

Arts Education 9 is designed to introduce students to the fundamental concepts and techniques of visual arts. Through a variety of projects and mediums, students will explore the elements and principles of design, learn design techniques and tell personal stories. The course highlights using visual arts to express identity and explores the contributions of artists from different cultures.

Our Goals:

- Learn basic elements: line, shape, space, texture, color, form, value
- Apply principles: pattern, repetition, balance, contrast, emphasis, rhythm, movement, unity, variety, proportion, harmony
- Understand diverse cultural perspectives in visual arts
- Create art that reflects personal stories and self-identity
- Recognize personal and social responsibilities in art

ASSESSMENT

Students will have the opportunity to demonstrate their learning through a variety of means such as: interviews, presentations, tests, quizzes, reflections, learning guides, and written assignments. Student growth and progress will be shared and communicated using the Provincial Proficiency Scale.

	EMERGING	DEVELOPING	PROFICIENT	EXTENDING
The Provincial Proficiency Scale	The student demonstrates an initial understanding of the concepts and competencies relevant to the expected learning.	The student demonstrates a partial understanding of the concepts and competencies relevant to the expected learning.	The student demonstrates a complete understanding of the concepts and competencies relevant to the expected learning.	The student demonstrates a sophisticated understanding of the concepts and competencies relevant to the expected learning.
