

Administrator's Message

Spring has arrived with momentum at vLearn, and it's been exciting to see both students and staff so actively engaged. Students are making strong progress across their courses while also taking part in clubs, field trips, and important planning for next steps beyond high school. We would also like to congratulate our elementary chess team on their strong showing at the district chess tournament, well done! At the same time, members of our staff recently attended the BCEDL Conference in Vancouver, where they connected with online school leaders and educators from BC and across Canada. These opportunities to learn, share ideas, and reflect together strengthen our programs and reinforce that learning is a lifelong process, for students and educators alike.

As we look ahead to the final stretch of the school year, we encourage students to stay steady and keep building toward their goals. With the **June 15** coursework submission deadline for Grades 8–12 approaching, now is a great time for students to check in on progress and reach out for support if needed. Our team is ready to help students finish the year feeling confident and successful.

On May 5, we also acknowledge Teacher Appreciation Day. We are grateful for the dedication, care, and behind-the-scenes work our staff provides every day. If you're able, a quick note of thanks to a teacher or staff member is a meaningful way to recognize the impact they have on students and families.
