

## Administrator's Message

Welcome back! We hope everyone had an enjoyable winter break filled with time to recharge. Just before the break, we had the pleasure of celebrating the incredible creativity of our vLearn students at the Elementary Fine Arts Showcase. The talent on display was impressive! A huge thank-you to the staff who made the event possible, the students who bravely shared their gifts, and the parents who continue to encourage and support them. Moments like these really showcase the strong sense of community that makes vLearn so special.

DPAC has arranged a screening of Screenagers: Growing Up in the Digital Age at VSS in April. This documentary film explores the impact of screen time on youth and how it affects their social, emotional, and cognitive development. We highly recommend that families share in this important conversation. Details are attached.

As we move into the final months of the school year, we want to encourage all students to stay focused and keep pushing forward. This is the home stretch, and every effort counts. Please remember that the coursework submission deadline for students in Grades 8–12 is June 15. Keep working toward your goals, and know that our team is here to support you along the way.
