OVERVIEW

The Big Ideas, Content, and Curricular Competencies for this course can be found here: [Career Life Education 10](#)

Ministry of Education

BIG IDEAS

Career-life choices are made in a recurring cycle of planning, reflecting, adapting, and deciding.

Career-life decisions are influenced by **internal and external** factors, including local and global trends.

Cultivating networks and reciprocal relationships can support and broaden career-life awareness and options.

Finding balance between personal and work life promotes well-being.

Lifelong learning fosters career-life opportunities.

Career Life Education focuses on gaining a clear understanding of career-life development knowledge, skills, and strategies for life's journey into adulthood. A person's career is considered their "journey" through life, and the Career Education curriculum offers students the opportunity to pursue this journey in personally meaningful and goal-oriented ways. Career-life development with intent is the ongoing process of self-discovery, growth in competence, and learning from experiences in educational, work-related, and personal life contexts.

The Career Education curriculum supports students in becoming successful, educated citizens by helping them learn how to effectively manage their life journey toward preferred future possibilities. This area of learning requires students to identify and develop their personal interests, passions, and competencies. Students reflect on learning experiences in school and community, build confidence through their contributions, and explore multiple career-life roles and choices. The curriculum fosters lifelong learning, beginning in kindergarten and continuing through to graduation and beyond.

ASSESSMENT

Students will have the opportunity to demonstrate their learning through a variety of means such as tests, quizzes, reflections, written assignments and a final project.

REGISTRATION

Please note – vLearn is a District Online School and can only serve students in the SD22 Catchment Area. Grade 8/9 students need approval from their home school administrator to take courses with vLearn. Please use your SD22 email address to register (000000@sd22.bc.ca)
